Interior Light Shelves

CLEAR STORY™
SUN SHADES AND LIGHT SHELVES

Exterior Sun Shades

- ▶ Redirect south daylight off ceiling surfaces so light penetrates farther
- ▶ Control glare at high solar altitudes
- ▶ Diffuse, reflective, upper surfaces maximize light - lower surfaces can match decor
- ▶ A variety of pre-engineered configurations - flush, articulated, aerofoil, and contoured
- ▶ Light shelves can work in combination with sun shades for maximum daylight harvest
- ▶ Shelf depth up to 30", to match transom height
- ▶ Optional easy-to-clean removable infill panels
- ▶ Finished with curtainwall framing for consistency in color and texture
- ▶ Eco-friendly anodize and low-VOC organic finishing processes utilized
- ▶ Recycled aluminum content available upon request

- ▶ Control solar heat gain and harvest natural daylight to meet sustainable design goals
- ▶ Increase Projection Factor (PF) and decrease solar cut-off angles
- ▶ A variety of pre-engineered configurations - extruded blades, perforated sheet, "catwalk" grids or solid shading
- ▶ Modular design and integral alignment features for ease of installation
- ▶ Thermally improved mullion attachments
- ▶ Laser- or water-jet, precision-cut, factory-attached end caps
- ▶ Vertical sun shades available for east and west facades
