Minneapolis Children's Hospital Features Projected Windows from Wausau

Wausau, Wis. – Wausau Window and Wall Systems® offers a flexible selection of projected windows that are custom designed and manufactured to exact specifications. Wausau has the right solution for any building project: from standard architectural grade windows to high performance, energy-efficient windows, from custom historical renovation designs to simple ventilation needs.

Wausau's projected windows are available as fixed windows, in-swing and out-swing casements, project-in hoppers, project-out awnings and pivots. Wausau's customized, curved window shapes and arched transoms easily blend with these and other window models. Precise mitering and quality joinery on each window ensures a close fit for easy installation and superior performance throughout the building's lifecycle.

The Wausau manufacturing process combines advanced manufacturing technology with skilled craftsmanship in a controlled environment, helping ensure finished products with long-term performance and design aesthetics. All curtainwall systems from Wausau meet the industry's most stringent requirements for air infiltration, water resistance and structural integrity.

Nationally recognized for its innovative expertise, Wausau Window and Wall Systems is an industry leader in engineering window and curtainwall systems for commercial and institutional construction applications. For 50 years, Wausau has worked closely with architects, building owners and contractors to realize their vision for aesthetic beauty and lasting value, while striving to maintain the highest level of customer service, communication and overall satisfaction.

Wausau is a part of Apogee Enterprises, Inc., a publicly held, U.S. corporation. For more information on Wausau Window and Wall Systems, please call (877) 678-2983, or visit www.wausauwindow.com.
